

## LIMITED NUMBER OF SUMMER YOUTH VOLUNTEER POSITIONS AVAILABLE FOR EXPERIENCED THEATRE FOLK!

If you want to be on a DYNAMIC and CREATIVE team, to spend every day in our fully equipped large theatre space, to inspire and engage other youth in their own THEATRICAL JOURNEY, and you are excited by hard work and commitment to theatrical process, then this might be the perfect way to spend 2 WEEKS of your summer!

Volunteering in the 2022 Summer Youth Education programme at OLT, aside from being A LOT OF FUN, helps you develop THEATRICAL and PERSONAL skills that take you towards the NEXT STEP of your journey. You'll develop skills in various areas, including one or more of these areas: stage management, costuming, directing, choreography, lighting, sound, set painting and construction. Also, you'll have the satisfaction of helping other youth to grow in their theatre experiences so that they develop the ENTHUSIASM and LOVE for it that you have!

Already registered as a participant? Fabulous! Spend one session volunteering and developing your tech and leadership skills, and one session performing!

## ABOUT OSHAWA LITTLE THEATRE:

Oshawa Little Theatre is located in uptown Oshawa, and owns and operates a 350-seat proscenium arch theatre, with additional onsite rehearsal and workshop space. During the summer months, it is home to an in-house youth summer theatre programme which runs over a 6-week time frame, divided into three sessions of two weeks each. The full-day programme is educational, and seeks to engage the imagination and development of young people between the ages of 7 and 17, while providing a solid foundation in acting, voice and dance instruction as well as audition skills, with an overview of technical aspects of theatre as well. Usually, each session culminates in a group performance presented to an invited audience, either in person, or through digital streaming.

Oshawa Little Theatre's educational programming supports youth in our community. We provide theatrical training and employment opportunities without bias and welcome those who self-identify as disabled, minority, special needs and LGBTQ2+. We are officially recognized within our metropolitan community as a leader in youth programming and support.

Oshawa Little Theatre provides an increasingly diverse audience and its theatre practitioners with consistently high quality, excellent value live performances, education and mentoring in an outstanding community performing arts facility. Oshawa Little Theatre provides education and mentorship opportunities to children and youth through performance and technical theatre programs, which operate year-round. Oshawa Little Theatre provides volunteer and educational opportunities for interested parties of all ages in all areas of theatre development.
